

Changes to Testing Arrangements for Selective Schools, 2021 Intake

In response to a range of Covid-19 related issues which make early autumn admissions testing undesirable and impractical, many schools which test for a child's ability or aptitude have decided to postpone admission tests until later in the autumn term.

In Enfield, the school affected is The Latymer School. The Office for the Schools Adjudicator has recently approved the request to vary the arrangements for the 2021 testing and full details of the revised dates are available on the School's website:

<https://www.latymer.co.uk/admissions/year-7/2021>

Despite these changes, parents should still submit their common application by the national closing date, 31st October 2020.

If you are an Enfield resident parent/carer:

- Once you receive the results of the test, you may make changes to your application preferences (such as to add or remove a selective school) providing you notify esas@enfield.gov.uk before 10th December 2020. Changes to preference after this date will only be considered after 1st March 2021
- We will similarly accommodate changes to preference relating to late test results for selective schools in other Local Authority areas.

If you are not an Enfield resident parent/carer:

- Please contact your home local authority for their policy on making changes to a school admission application.

If you have questions about test arrangements, please check relevant school websites, or contact the school(s) directly.
