Juan pequeño baila

This is a traditional children's song and children's dance popular in various regions of Spain and France including throughout the Pyrenees.  
Joan Pequeno is a well-known character in popular Occitan history. The song owes its origin to Joan Pequeno, an Occitan farmer who, in 1643 in Villefranche-de-Rouergue, led the Revolt of the Crocants de Rouergue against the King of France, Louis XIV.
