Aims

This policy sets out a framework for promoting positive, safe behaviour within our inclusive Trust schools, based on mutual trust and respect, where effective learning can take place and all pupils can grow in their academic and personal development.

The Whole Child

We care about results, but not exclusively. We believe education is about more than achieving grades. It is about: showing consideration and responsibility for themselves, others and the environment; perseverance, resilience and grit; confidence and optimism; motivation, drive and ambition; kindness and community spirit; tolerance and respect; honesty, integrity and dignity; conscientiousness, curiosity and focus.

Values

These character traits, attributes and behaviours that underpin success in education and work, are summed up in our values of Respect, Responsibility, Resilience and the "British Values" of democracy, the rule of Law, individual liberty and tolerance of those with different faiths and none.

By promoting these values, in a safe and calm environment, we aim to build positive, healthy relationships amongst our staff, pupils and the school community. As a result, we aim for pupils to be successful and safe.

Celebration

We recognise and celebrate positive behaviours wherever they are seen, using them as a model to inspire and share with others.

Unique Child

Recognising every child as an individual, each with their own needs, is an important feature of the application of the behaviour policy. For whatever reason, at any time, a child's particular needs may be deep and complex and may call for a particular response, different to the majority of children.

Statutory Guidance

The ELT Partnership is committed to following statutory guidance from the Department for Education (DfE) on:

● [Behaviour and discipline in schools](#)

● [Searching, screening and confiscation at school](#)

● [The Equality Act 2010](#)

● [Keeping Children Safe in Education](#)

- [DfE Guidelines: Exclusion from Maintained Schools, Academies and Pupil Referral Units in England, 2017](#)

- [Use of reasonable force in schools](#)

- [Supporting pupils with medical conditions at school](#)

- Special educational needs and disability (SEND) code of practice

Bullying, Racial and Equality Incidents

These incidents are considered to be extremely serious and are treated with zero tolerance. All staff who become aware of an allegation of bullying, racial harassment, gender issues or radicalisation must refer to ELT's Anti-Bullying and Anti-Racism statement. Incidents should be reported to SLT, recorded on CPOMS and followed up immediately. Monitoring will be conducted by the Senior Leadership Team and will feature as an agenda item on the termly Local Education Committee

Use of reasonable force

Our commitment to positive behaviour management means that the use of reasonable force is used very rarely, and only as a last resort when all other preventative methods have proved ineffective. Schools follow DFE guidance Use of Reasonable Force.

 Section 93 of the Education and Inspections Act 2006 affirms the lawful right for a member of staff to

 use reasonable force; "School staff may use such force as is reasonable in the circumstances to prevent a pupil from doing, or continuing to do, any of the following:

- o Committing any offence (or for a pupil under the age of criminal responsibility, what would be an   offence for an older pupil)
- o Causing personal injury to, or damage to the property of, any person (including the pupil)
- o Engaging in any behaviour prejudicial to the maintenance of good order and discipline at the school, or among any pupils receiving education at the school, whether during a teaching session or otherwise".

 Incidents of reasonable force must also:
- o Be applied using the minimum amount of force and for the minimum amount of time possible.
- o Be used in a way that maintains the safety and dignity of all concerned.
- o Never be used as a form of punishment.
- o Be recorded on CPOMS and reported to parents.

Confiscation

Any prohibited items found in pupils' possession will be confiscated. We will also confiscate any item which is harmful or detrimental to school discipline. These items will be returned to pupils after discussion with senior leaders and parents, if appropriate. Searching and screening pupils is conducted in line with the DfE's latest guidance on searching, screening and confiscation.

Pupil support

The school recognises its legal duty under the Equality Act 2010 to prevent pupils with a protected characteristic from being at a disadvantage. Consequently, our approach to challenging behaviour may be differentiated to cater to the needs of the pupil.

The school's special educational needs co-ordinator will evaluate a pupil who exhibits challenging behaviour to determine whether they have any underlying needs that are not currently being met.

Where necessary, support and advice will also be sought from specialist teachers, an educational psychologist, medical practitioners and/or others, to identify or support specific needs.

When acute needs are identified in a pupil, we will liaise with external agencies and plan support programmes for that child. We will work with parents to create the plan and review it on a regular basis.

Safeguarding

We recognises that changes in behaviour may be an indicator that a pupil is in need of help or protection. Schools will consider whether a pupil's misbehaviour may be linked to them suffering, or being likely to suffer, significant harm. Where this may be the case, schools follow our child protection and safeguarding policy.

Pupil transition

To ensure a smooth transition to the next year, pupils have transition sessions with their new teacher(s). In addition, staff members hold transition meetings. To ensure behaviour is continually monitored and the right support is in place, information related to pupil behaviour issues may be transferred to relevant staff at the start of the term or year.

Recording Incidents

Significant behaviour incidents are recorded onto CPOMS, where they are used to log, monitor, evaluate and support improvements to behaviour. Monitoring will be conducted by the Senior Leadership team and will feature as an agenda item on the termly Local Education Committee.

Exclusion

Only the Headteacher may exclude a pupil as a response to serious acts of inappropriate behaviour, following [DfE Guidelines: Exclusion from Maintained Schools, Academies and Pupil Referral Units in England, 2017](#).

Harmful Sexual Behaviour (Peer-on-Peer Sexual Harassment /Sexual Violence)

We assume that sexual harassment, online sexual abuse and sexual violence are happening in our community, and potentially our schools, even when there are no specific reports.

These behaviours are totally unacceptable. To address them, our schools have put in place a "whole school culture" through the way they have developed their leadership, curriculum, pupil behaviour and attitudes, personal development and pastoral support.

The ELT **safeguarding policy**, in line with KCSIE 2021, describes our expectations of staff and pupils understanding of harmful sexual behaviours and the recording and reporting of any concerns.

The aims of each school include a focus on high standards of learning and personal development through the values of respect responsibility and resilience supporting personal development, social responsibility and a sense of self-worth. This includes promoting a safe, supportive and well ordered environment where pupils are happy and confident as they aspire to achieve.

Each school's *curriculum* is seen as the totality of every planned and unplanned experience or interaction that pupils encounter within our school. It informs every aspect of their practice and culture

from academic content to the personal development of characteristics and virtues. It includes the aim to improve the life chances of all pupils by ensuring each child becomes a confident individual with a body of knowledge, enabled to live a safe, healthy and fulfilling life.

Our schools' *Relationship Sex Education / Personal, Social, Health Education* (RSE/PSHE) programme aims to give children the knowledge, skills and attitudes that they need to effectively navigate the complexities of life in the 21st-century. The curriculum covers key areas which will support children to make informed choices now and in the future, including health, on/off line safety, well-being and relationships.

A focus on effective *pastoral support* is also included in our provision for keeping pupils safe. Here, staff are alert to factors that increase a child's vulnerability, or potential vulnerability, such as mental ill-health, domestic abuse, having additional needs, and being at greater risk of exploitation and/or of feeling unable to report abuse (for example girls and LG BT pupils)

Our schools' procedures, following a report of sexual violence and/or sexual harassment.

Responding to a report: process and risk assessment **KCSIE,434**

Schools will
- Decide on a case-by-case basis
- This will be underpinned by the principle of a zero tolerance approach to sexual violence and sexual harassment, meaning it's never acceptable and it won't be tolerated

The DSL (or a deputy) will take the lead, supported by other agencies as required.

1. Risk and needs assessment (Appendix 1) KCSIE, 444-446

Where there's been a report of **sexual violence**, the DSL (or a deputy) will make an immediate risk and needs assessment, considering:

- The victim, especially their protection and support
- Whether there may have been other victims
- The alleged perpetrator(s)
- All other children at the school (and adult students and staff, if appropriate), especially any actions that are appropriate to protect them

Where there's been a report of sexual **harassment**, the need for a risk assessment will be considered on a case-by-case basis.

Risk assessments will be recorded and kept under review.

The DSL (or a deputy) will engage with children's social care and specialist services as required:

- Where there's been a report of sexual violence, risk assessments will likely need input from social workers or sexual violence specialists within our local multi-agency safeguarding team (MAST)
- Any MAST assessments will be used to inform a school's approach and update risk assessment accordingly

2. Managing and/or escalating the report KCSIE, 447

Schools will be aware of, and respond appropriately, to all reports and concerns about sexual violence and/or harassment both online and offline, including those that have happened outside of school.

DSLs (or a deputy) will decide how to manage the report, including when to inform the alleged perpetrator(s). This depends on a number of important considerations, including:

- The wishes of the victim and how they want to proceed – we will balance these against our responsibility to protect other children
- The nature of the alleged incident(s), including whether a crime may have been committed and consideration of harmful sexual behaviour
- The ages and developmental stages of the children involved
- Any power imbalance between pupils. For example, is the alleged perpetrator(s) significantly older, more mature or more confident? Does the victim have a disability or learning difficulty?
- Whether the alleged incident is a one-off or part of a sustained pattern of abuse
- That sexual violence and sexual harassment can take place within intimate personal relationships between peers
- Whether there are ongoing risks to the victim (or anyone else)
- Any related issues and wider context, including links to child sexual exploitation and child criminal exploitation

3. Options to manage the report KCSIE, 450

There are four likely scenarios for the next steps:

1. **Manage internally**, where this is considered appropriate in the circumstances, and early help or statutory interventions aren't required
2. **Early help**, as outlined in chapter 1 of Working Together to Safeguard Children, where statutory interventions aren't required.
3. **Referrals to children's social care***, where a child has been harmed, is at risk of harm, or is in immediate danger
4. **Report to the police**** (usually in parallel with a referral to children's social care), where a report of rape, assault by penetration or sexual assault is made. Police will consider what action to take to manage the assessed risk of harm, which could include the use of police or court bail

*Where scenarios involve working with children's social care, schools won't wait for the outcome of an investigation before protecting the victim and other children – DSLs (or a deputy) will work closely with children's social care to make sure the school's actions don't jeopardise a statutory investigation. There will be **immediate** consideration for safeguarding the victim, alleged perpetrator(s) and all other children.

Where a report is going to be made to children's social care and/or the police, schools will speak to the relevant agency to discuss next steps and how the alleged perpetrator(s) will be informed.

**Staff may confiscate devices for evidence to hand to the police, if the report includes an online element.

4. Report responses will be recorded and reviewed regularly KCSIE, 451

All concerns, discussions and decisions made will be recorded, along with the reasons behind them, in writing. Decisions and actions taken will be reflected upon and relevant policies updated with lessons learnt.

Schools will look out for potential patterns of concerning, problematic or inappropriate behaviour, deciding how to handle any such patterns, considering whether there are wider issues at play relating to your school's culture.

Supporting the pupils involved

The victim KCSIE, 455-462

Victims of this abuse will likely find the experience distressing, which can affect their progress in school. This can be made worse if the alleged perpetrator(s) attends the same school.

School will reassure them that we'll take them seriously and that they'll be supported and kept safe. They will keep them a reasonable distance apart from the alleged perpetrator(s) on school premises, including at before and after-school activities

How schools support the victim will depend on:

- The age and developmental stage of the victim, the nature of the allegations and the potential risk of further abuse
- The needs and wishes of the victim

Schools will be aware that:

- Victims may not disclose the whole picture immediately, so dialogue should be kept open and encouraged
- Girls are more likely to be victims and boys are more likely to be perpetrators
- There may be more than one perpetrator, which is why KCSIE refers to 'perpetrator(s)' rather than 'perpetrator'

The alleged perpetrator(s) KCSIE 463

It can be difficult to balance the need to safeguard the victim (and other children) with providing the alleged perpetrator(s) with an education and safeguarding support and implementing disciplinary sanctions.

Schools will consider support (and sanctions) on a case-by-case basis. This includes:

- The age and developmental stage of the alleged perpetrator(s)
- The nature and frequency of the allegations and risk of harm to other children
- Any unmet needs that the alleged perpetrator(s) may have
- Following the possible responses outlined in Appendix 2.

Unsubstantiated, unfounded, false or malicious reports **(KCSIE, 452)**

DSLs will consider whether the pupil and/or the person who made the allegation is in need of help or may have been abused by someone else and this is a cry for help. If this is the case, it may be appropriate to make a referral to children's social care.

If schools find that the report is **deliberately invented or malicious**, they will follow up with reference to Appendix 2.

Unique Schools

As an appendix to this policy, each school will have its own "Behaviour Guidelines," describing how positive behaviour is promoted in its own setting.

ELT Partnership

This policy should be read in conjunction with the ELT Partnership policies on:
- Safeguarding and Child Protection
