Objectives and Principles

At Grange Park, our aim is to provide all pupils with a high quality Physical Education programme that builds knowledge, fitness, skills and the motivation required to ensure all our pupils can enjoy a healthy, active lifestyle now, and lifelong participation in physical activity and sport for the future.

We believe high quality physical education and school sport will contribute to positive outcomes in attendance and behaviour as well as health and sporting skills.

The funding will develop a programme that includes:

- Providing high quality physical education
- Embed new curriculum and PE scheme across the school
- Developing a structured programme at lunchtimes to promote a lifelong love of physical activity
- Ensuring pupils understand links between sport and healthy eating to promote a healthy lifestyle
- Provide opportunities for children to take part in a wider range of extra curricular sports
- Give children opportunities to take part in a range of competitive tournaments and festivals within the Trust, local authority and beyond
- Achieving high grades at our school and maintaining a healthy schools mark
